

The Coalition Rewards Platform for Local Businesses.

For Main Street, not Wall Street.

They'll Bring Their Customers, You Bring Yours!

The strength of our Club is the network effect. It builds relationships with thousands of loyal customers from hundreds of independent businesses into one common marketplace. Where you get access to their customers, they get access to yours. It's the ultimate win-win.

A Simple, Proven Growth Loop

Our Club creates a sustainable feedback loop for growth by attracting new customers and turning them into loyal fans.

Attract New Customers

Use Club Deals: Drive immediate sales and foot traffic to your business by creating compelling cash offers promoted to our entire network of local shoppers.

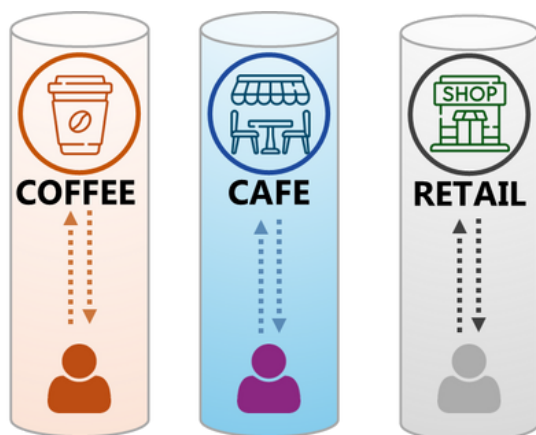

Keep Them Coming Back

Use Club Rewards: Create loyal fans by rewarding them on every purchase they make, with points that can be redeemed for exclusive deals available only at your business.

The Power of Coalition Rewards

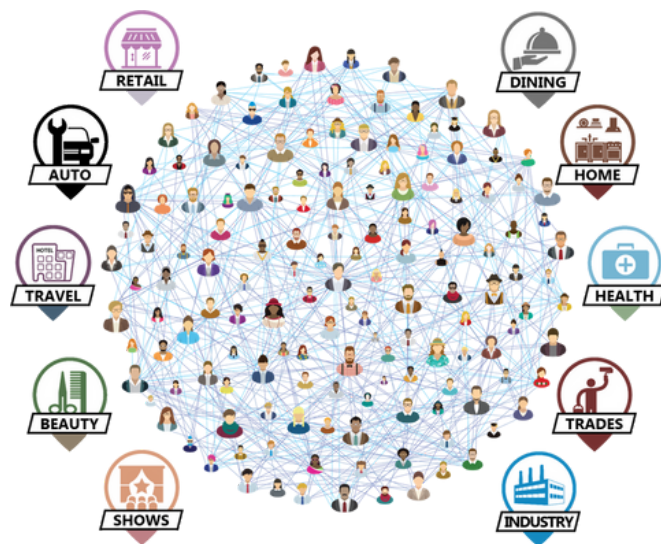

The Standalone Model (99%)

99% of rewards programs are standalone. This isolated approach puts the entire burden of finding and keeping customers on you alone. Which limit customers to earning and redeeming rewards with just a single business.

- **Limited Reach:** Your marketing efforts only ever reach the same customers.
- **Stagnant Growth:** You're constantly trying to grow from the same, limited customer pool.
- **Walled Off:** You and other local businesses are working in parallel, not together.

The Coalition Model (Club Rewards)

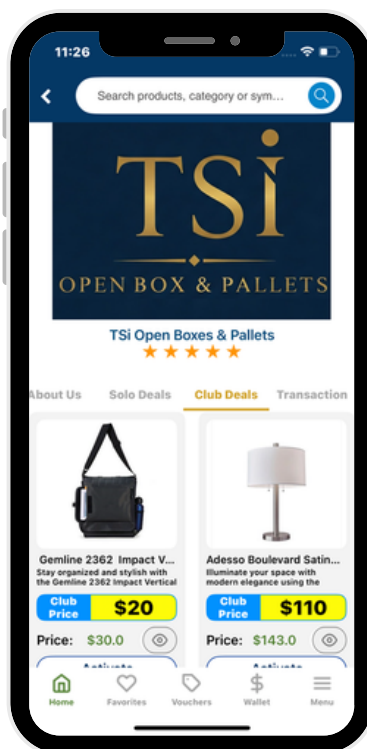

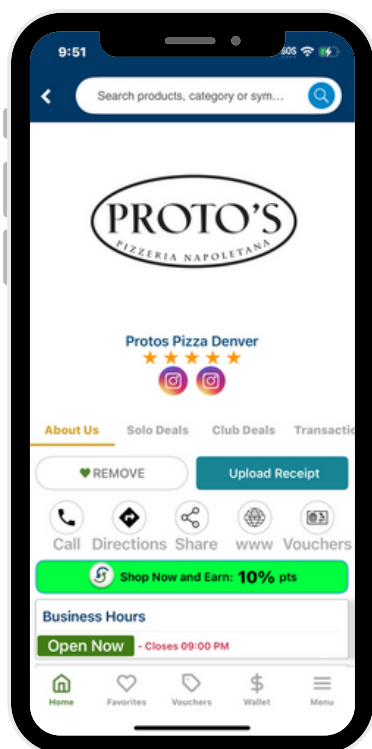

The Club Rewards coalition unites hundreds of independent businesses and their thousands of loyal customers into one large marketplace. The platform enables you to leverage the market power of the entire network.

- **Large Customer Base:** You get visibility with their customers, and they get visibility with yours.
- **Automatic Discovery:** A loyal customer of the local cafe can discover your business through a Club Deal, driving immediate foot traffic.
- **Community Powered:** It's a sustainable growth loop where every business helps the others succeed.
